EXPERIENCE

AI Automation Engineer

SNN Technologies · Hyderabad

Jun 2026 – Present

AI/ML Intern

Infosys Springboard 6.0 · Virtual

Sept 2025 – Nov 2025

Data Analytics Intern

SmartBridge · Virtual

Apr 2025 – Jun 2025

EDUCATION

Bachelor of Technology, CSE (AI & ML)

Graduating 2026

SKILLS

Languages:	Python, SQL
AI & ML:	Machine Learning, Deep Learning, GenAI, LLM, RAG
Web & APIs:	Next.js, React, FastAPI
Databases:	MongoDB, MySQL
Tools:	Git, GitHub, Power BI, Tableau

PROJECTS

AI CRM

AI-powered CRM platform for managing customer interactions, leads, and sales activities with intelligent automation and insights.

Python, React.js, FastAPI, PostgreSQL, OpenAI API, REST APIs

AI Music Recommendation

AI-based system recommending personalized songs based on user preferences, listening behavior, and music characteristics.

Python, Machine Learning, Pandas, Scikit-learn, Spotify API, Streamlit

AI Insurance Portal

Intelligent portal streamlining policy management, customer onboarding, claims processing, and insurance queries using AI.

React.js, Python, FastAPI, PostgreSQL, OpenAI API, REST APIs

Visualization Tool for Electric Vehicle Charge and Analysis

Data visualization platform analyzing EV charging patterns, energy consumption, charging duration, and station performance.

Python, Pandas, Plotly, Power BI, SQL, Data Visualization

HireLoop AI

AI-powered recruitment platform automating candidate screening, job matching, resume analysis, and hiring workflows.

Python, React.js, FastAPI, PostgreSQL, NLP, OpenAI API, REST APIs
